

Bay Area Ecosystems Climate Change Consortium

Thursday, June 26, 2014, 10:00 AM - 2:00 PM

11th Floor Conference room, California State Coastal Conservancy

1330 Broadway (12th Street BART station), Oakland, CA

Call-in number: (888) 232-3870, Participant Code: 226167

Go to Meeting: <https://www2.gotomeeting.com/join/297265866>

AGENDA

1. Introduction of participants and their BAECCC-related projects **10:00 – 10:05**
2. Review agenda **10:05 – 10:10**
3. Updates **10:10 – 10:25**
 - a. South Bay Salt Ponds Program (J. Bourgeois)
4. Group discussion: Flood Control 2.0 **10:25 – 11:45**

Abstract: The objective of Flood Control 2.0 is to develop a multi-benefit, resilient approach for flood control projects at the Bay interface. SFEI and BCDC staff will provide an overview of the study (funded by EPA), present key preliminary findings, and solicit input from the BAECCC community on the information and tools that will be most useful for implementing a new approach to flood control within the tidal portion of channels around San Francisco Bay.

LUNCH (on your own)

11:45 – 12:15

5. Group discussion: The Baylands Ecosystem Habitat Goals Update **12:15 – 1:30**

Abstract: The Baylands Ecosystem Habitat Goals Update (BEHGU) has been working for two years to update the science and recommendations for conserving and restoring Baylands ecosystem health over the next century. Letitia Grenier, the science coordinator for BEHGU, will lead a discussion about the draft findings and recommendations to get BAECCC community input before the project is completed later this year.

6. Updates (continued): **1:30 – 1:45**
 - a. North-central California Coast and Ocean Climate-Smart Adaptation Project (K. Higgason)
7. Review of action items, other business **1:45 – 2:00**
8. Adjourn **2:00**
